

CONFLICT MINERALS DECLARATION OF CONFORMITY

Non-Use of “Conflict Minerals” from Democratic Republic of the Congo and Neighbouring Nations

Jonsa declares that for the production of all of its articles do not use minerals (listed below and defined as “Conflict Minerals”) from the conflict zones such as the Democratic Republic of Congo and neighboring areas such as Angola, Burundi, Central African Republic, Rwanda, South Sudan, Tanzania, Uganda and Zambia.

Jonsa also ensures that the whole supply chain and sub-contractors comply with the prohibition of the use of “Conflict Minerals” in products / plating treatment provided.

Conflict Minerals are defined as:

- Gold (Au)
- Tin (Sn)
- Tantalum (Ta)
- Tungsten (W)
